Eagles Trim Rapid City

The Frederic Eagles drew a bye in the first night of play in the District Class D play at Gaylord next week. They will meet the winner of the Boll-sire-Alba contest which is slated for Tuesday night on Thursday night at 8:30. If the Eagles win, they will move into the championship on Saturday night at 7:45 p. m.

The Frederic varsity Eagles took the measure of the Rapid City Bobcats at Frederic Friday night by a 67 to 50 score and the junior high turned in two wins last week to run up a four straight victory streak. The Frederic girls team also scored a victory.

On Wednesday night at Frederic the Frederic girls downed the Rapid City girls 39 to 37. It was a close game all the way. The Frederic girls built up a four point lead early in the second half only to see Rapid City move out in front with a minute and a half to go. The Frederic girls buckled down and pulled it out of the fire. (Woman Weaver with 19 points was high for Frederic with Carol Mayer adding 9 and Gwen Lozon 9.

In the other Wednesday night game, the Frederic Junior High won Rapid City 31 to 22 with Wilson Cox hitting for 10 points. The Junior High also performed well in the preliminary contest and again stopped the Rapid City juniors 30 to 21 with Cox again leading the way with 11 points.

The Frederic Eagles moved quickly out to a 10 point lead against the Bobcats in the varsity contest but blew it to have only a 3 point lead at the end of the quarter. Again in the second period, Frederic quickly built up a 20 point lead and again were ahead 9 to 19 only see the Bobcats claw back to trail only 31 to 29 at half-time. In the third canto Fred Williams scored in 11 points of the game while the Bobcats managed to get within 3 minutes to go and with a 12 point lead, Frederic mentor Fred Fisk emptied his bench and the Bobcats managed to pick up one ground as each team scored 10 points in the final eight minutes of play.

Mertes with 22 points was high for the Eagles with Wilson also in double figures with 15, and Redman with 11. Smith added 8, and Ed Weaver 4, Fred 3 and Barber and Ed Weaver 2 each.

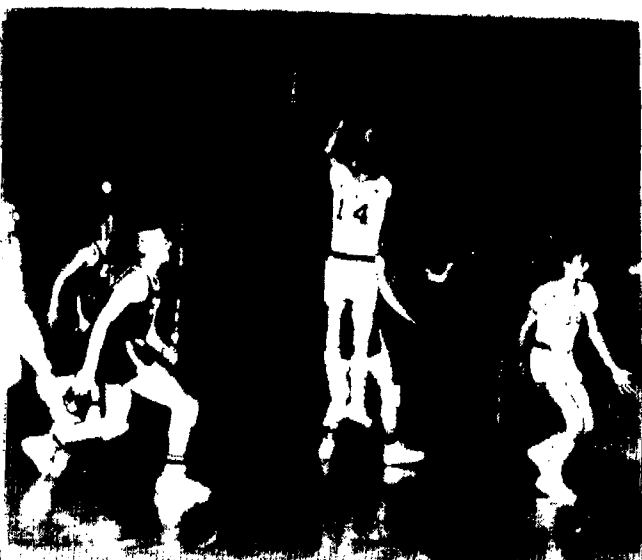

The Frederic case squads wind up their regular season this week as the varsity and reserves travel to Vanderbilt on Tuesday night and the Junior High enters the play at East Tawas on Wednesday night. On Friday night the varsity and reserves travel to the final game of the season. The following week the varsity will be playing in the Class D District basketball tourney at Gaylord.

Red Cross News

A bookkeeper's record of Red Cross disaster operations last year could read a little like this. A total of three-hundred-and-twenty disaster relief operations were conducted by Red Cross. Early fifty-two thousand homes were destroyed or damaged by disasters and thousands were left homeless or with the help of Red Cross aid. Some one-hundred-eighty-thousand disaster victims across the country were in emergency mass care by Red Cross. Two thousand-and-hundred days, or the equivalent of more than five calendar years of time and service were given by Red Cross to the victims of disaster-stricken people. Whenever disaster strikes, Red Cross is on the spot with food, shelter, medical and financial aid. Red Cross is mercy action. It's your hand reaching out to help when you can't help yourself. Red Cross needs your support. This year, please give. Good things happen when you help Red Cross.

Vikings To Gaylord Friday Night For Season's Final Game

The Grayling Vikings travel to Gaylord Friday night for the final scheduled basketball game of the season. Although Gaylord is near the bottom of the standings, in the conference, they came up with a surprise last Friday night by holding strong Boyne City to a one point victory 52 to 51. Grayling if they play as they did against Charlevoix here last Friday night, will have no trouble with the Blue Devils. They let down a little it might be a different story. Their action last Friday was a long one, ending with a 57 to 50 and East Jordan swept over Harbor Springs, 61 to 38. Other games winding up conference play Friday will find East Jordan at Manistota, Pellston at Harbor Springs, and Boyne City and Charlevoix.

Seven Grayling players will be dressing for their final regular game for the Vikings as all graduates in June. They are: Frank Gross, Joe Robertson, Jim Sorenson, Mike Roberts, John Marshall, Jim Sampsel and Ted Horning.

Friday night at the Grayling gym, the Vikings moved out to a 18 to 14 lead at the end of the first period of play and then edged to 25 points in the second canto while holding the invading Charlevoix Rayders to a mere 8 to hold a 43 to 22 edge at intermission.

In the third frame, the visitors edged the Green and White 18 to 17 and 19 to 15 in the final two cantos as Grayling coach Bruce Smith moved his regulars to the bench and substituted freely.

Grayling's all conference forward Frank Gross paced the strong offense of Grayling with 23 points on 11 fielders and 6 of 9 free throws. Tim Neal with 16 was also in the double figures. Joe Robertson added 9, as did Jim Sorenson, Sherm Neal and Tom Wright chipped in with 5 each and Ed Carlson added 2 and Bill Fisk a foul shot. Stan Martin with 16 and John Pearl and Sam Supernaw each with 12 were all in double figures for the Rayders.

Grayling's total score of 75 field goals and 19 out of 29 free throws. Charlevoix counted 47 times from the field and hit 24 out of 36 free throws. The Vikings were called for 20 personal fouls and the Rayders 19.

In the preliminary game, the little Vikings took a 67 to 43 trimming at the hands of the Charlevoix jayvees. The little Rayders grabbed a 9 to 7 first period bulge and held a close 20 to 20 halftime advantage. Each team scored 17 points in the third frame to leave them one point apart as the final eight minutes of play opened. The little Rayders came up with a big 19 to 8 final burst to win handily.

Chris Kroll with 20 points on 7 field goals and 8 for 6 free throws led the little Vikings' attack. Also in the double figures was Harvey Merthweh with 10, Walt Fallon added 8, Jim Young 4, Engel 2 and Bill Joseph a foul shot. Curtis with 17 and Murray with 16 were high for the Charlevoix reserves. Grayling scored on 14 field goals and 17 out of 24 free throws while the visitors hit 28 from the field and canned only 8 of 18 foul shots. The little Vikings were called for 17 fouls as was the Charlevoix jayvees.

Announce Plans For Area Hiways

LANSING--The Michigan State Highway Department will make \$14 million worth of highway improvements in 14 counties in the northeastern part of the lower peninsula during its second five-year road building program, State Highway Commissioner John C. Mackie announced today.

Mackie said the program, which includes improvement of 71 miles of US-23 and modernization of M-32 in Alpena county, extends from July 1, 1932 to June 30, 1937. The Highway Department's first five-year program from 1927 to 1932 called for an estimated \$75.5 million to be spent on highway construction in the 14 counties. The 14 counties included Alpena, Arenac, Cheboygan, Charlevoix, Crawford, Gladwin, Iosco, Montmorency, Ogemaw, Oshtemo, Presque Isle, and Roscommon counties.

"The total highway investment in northeastern Michigan counties during the 10-year period from 1927 to 1937 will be nearly \$90 million," Mackie said.

"The improvements we are making in the 14 counties during the first and second five-year programs will speed the flow of traffic, reduce accidents and make the area more attractive than ever before to business and industry, as well as to the millions of persons who vacation in northern Michigan."

"Better highways mean more money for the counties, more industry, more jobs and more markets. These new and improved highways will provide a solid foundation for future economic growth and have a profound impact on the creation of more jobs and more business opportunities in the area for the next 25 years."

Projects to be built in Crawford County during the second five-year program and the third will be placed under contract after Crawford County.

Widening and paving of 7.5 miles of M-72 from Grayling to the west county line. Widening of each lane to 12 feet in the final 10 to 12 miles. Construction date to be announced later.

Modernization of 1.5 miles of M-33 from US-27 freeway to old US-27. This section, which will become part of Grayling's business loop, will be placed under contract in 1934.

Widening and paving of 6.5 miles of M-33 from US-27 freeway north to Hartwick Road. Construction date to be announced later.

And a little more inspiring to a grownup who may think he has troubles."

He may be contacted at Box 284, or telephone DI 8-5921, Grayling, Michigan.

Intangible personal property subject to the tax includes all mortgages, land contracts, bank accounts, cash, postal savings accounts, accounts and notes receivable, corporate stocks, corporate bonds and other similar types of property. Graduation Held For Practical Nurses-Students

The eighteenth graduation class of practical nursing students since the start of the school at Cadillac Mercy Hospital held graduation exercises at St. Anne's church in Cadillac on Friday, February 27, starting at 3 o'clock in the afternoon.

The young ladies, preceded by the Sisters, marched to the front of the church to the strains of the procession. They were followed by the instructors. As they took their places a hymn was sung by the St. Anne's children's choir.

The graduation address was given by Father Edwin Capal. The college course was given by Father Edmund Farrell, and the presentation of diplomas by Msgr. Callahan. Pins were presented to the graduates by Sister Mary Grace, administrator of Cadillac Mercy Hospital, and Sister Mary Pierre, director of the school of nursing. A second hymn by the children's choir preceded the benediction by Father John J. Murray, pastor of St. Anne's church, and subdeacon Father Edmund Farrell. The graduates then marched out to the music of the recessional.

A reception for friends and relatives was held immediately following the exercises in the auditorium of St. Anne's school.

Grayling Against Houghton Lake Tuesday Night

The pairings pit the host team, Grayling against the Houghton Lake Bobcats on Tuesday night, with the other three teams all drawing a bye. Under tournament rules, the host team is not eligible to draw a bye. On Wednesday night, the Roscommon Bucks will tangle with Lake City and on Thursday night, the winner of the Grayling-Houghton Lake "clash" will face the Alcona Tigers. Winners of this Thursday night fray will meet the victor of the Wednesday night battle between Roscommon and Lake City for the District Class C championship on Saturday night.

Defending district champions are the Houghton Lake Bob Cats coached by Robert Ambie. They also are considered the leading contenders for this year's crown. The Bob Cats, at the present time, hold a 11 and 2 mark in the Northern Michigan Conference and have been rated as the number seven Class C team in the state just about all season. Both of their losses came within the past two weeks.

Another member of the conference is the Roscommon Bucks coached by veteran mentor Earl Haight. The blue and gold warriors from Roscommon's Gerrish-Higgins High School hold a 4 won, 3 lost record in the conference. Although they have not shown much during the season, Coach Haight always floors a well drilled outfit that is sometimes capable of pulling off a upset.

The Lake City Trojans coached by John Kniffen are members of the Tomahawk Conference and currently are in a tie for first place and own a 10 and 3 mark. The squad, carrying the colors of red, black and white, will be a definite threat in the tourney.

The team with the poorest season's record is Lincoln-Alcona, a member of the Huron-Strait Conference of northern Michigan. The Tigers are coached by Don Gorsuch and have a conference mark of 2 and 7. However, they are the small school in the league which boasts a couple of class B members. Also, Lincoln-Alcona wins have been in the latter part of the season which shows they are improving. They dropped a game just a week ago to the powerful Alpena Catholic Central squad by the margin of a field goal.

Grayling, holding a conference mark of 8 and 5, started off the season like a house afire, hit a fast spot and dropped several games. They appeared back in the groove last Friday night as they walloped the strong Charlevoix Rayders. If the Vikings can continue that type of play, they have to be considered a definite threat to take all the honors. Playing on their home court will not be a hindrance either.

Frank Bond is again serving as Tournament manager. Officials will be Orlan Haight, Fred Archie Boda of Pellston and Wes Fleet of East Jordan and on March 8th and 11th, Cameron Jury and Tom Stalker both of Alpena.

Robert Bovee will be official scorer and Bud Smith, the timer, Lewis Stillwagon and Whitey Madsen will handle the public address system. Jack Trudgeon is in charge of tickets. Grayling school staff and students will assist in handling the tournament. Admission, set by the Michigan High School Athletic Association, is for preliminary games, adults, 75c; students, 50c; for Saturday night's championship contest, adults, \$1.00; students, 50c. Doors will open each night at 7 p. m. with the tipoff of each game set for 8 p. m. sharp.

Winners of the Grayling District will advance to the State Regional Tournament at Petoskey the following week.

Bunker Hill Air Force Base
Peru, Indiana

Dear Mr. and Mrs. Wm. Golnick
Grayling, Michigan

It was my recent pleasure to congratulate your son, Karl, on his promotion to Airman Second Class. As his unit commander, I know that his devotion to duty and his contributions to our organization both on and off duty earned him the promotion for him.

I also want to congratulate you on your son's promotion, knowing the previous influence of his home life had much to do with his success today.

We are a member of the nation's long range atomic striking force, the Strategic Air Command, upon whose efficient fighting potential so much of our hope for world peace depends. Since this SAC mission depends on individual effort, it is gratifying to be able to write a letter of this type. We are glad your son is a member of our unit.

Sincerely,

Underground Forest Wins 26th Game on Forfeit

The scheduled game for Saturday night, February 18th, between the Underground All-Stars and Boyne City, was forfeited to the Underground team because of icy roads which prevented the Boyne team from keeping the date.

On Saturday, February 25th, the All-Stars will meet a fast-stopping team from McMillan at the Frederic High gym, weather permitting. At the half-time the championship trophy won recently by the St. Francis Invitational team will be presented to Carl Johnson for his fine sportsmanship in sponsoring the team, one of the best in independent basketball, and for bringing sports to Frederic.

Thanks again to those who donated the warm-up jackets for the team, also.

St. Mary's Ladies Club

The January 17 meeting was called to order by the president and led in prayer by Father Sakowski.

Rose Ducey spoke on a science project to be conducted at St. Mary's School. Fund for the project will be furnished by the Ladies Club.

Lora Gould reported on the January party at the Hill Rest Home. A Valentine Party was planned for February and several ladies helped to make it a success.

The Sweetheart Supper was to be held February 19th in place of the regular monthly meeting. A potluck supper was served.

Two new members were introduced, Mrs. Robert Sattler and Mrs. James Ackron.

The meeting was then adjourned and Father Sakowski closed with a prayer.

Bingo was played. Each lady wore a "crazy hat" for the evening, and a lunch was served.

Gloria Prisk, Sec'y.

Catholics To Take Part In Bishops' Relief Appeal

Members of Catholic parishes in this area will participate in the 16th annual nationwide Catholic Bishops' Relief Fund Appeal.

Offerings will be made in churches on Sunday, March 12th.

The project has the wholehearted support of Bishop Allen J. Babcock of the Diocese of Grand Rapids.

Inaugurated in 1946 to lessen the suffering of war refugees in Europe, the drive has been maintained to extend aid to thousands of underprivileged on other continents. Food, clothing and medicine last year were distributed by the Bishops' agency in 64 countries, regardless of creed or color.

The national yearly quota of \$5,000,000 first set 16 years ago has been retained. No quota for the Grand Rapids diocese has been set by Bishop Babcock.

Directing the campaign in the 28 countries of Western Michigan which comprise the Grand Rapids Diocese is Monsignor Joseph C. Wahlen, for many years director of Catholic Charities for the diocesan area, who has conducted the relief campaigns since 1946.

A total of 125 parishes and 55 mission churches are under Bishop Babcock's jurisdiction with a total of 160,000 communicants.

SKI MEET REPORTS

By Russell Gust

February 9, 1961 Ski meet Grayling vs. Harbor Springs and Traverse City St. Francis.

Mike Lovely took first in the downhill and thirteenth in the slalom for eleventh place in the entire meet. Roger Cady placed fourth in the downhill and first in the slalom for a second place in the meet. Mike Young took ninth in the downhill and eighth in the slalom for eighth place in combined times. Pat Buron got ninth in the downhill and fourteenth in the slalom for fourteenth in the combined times.

Mike Goodrich was disqualified for failing to finish his first run in the downhill, the reason for this being that Mike had fallen and his ski came off and went on down the hill. The final team results were: Traverse City St. Francis, first; Grayling, second; and Harbor Springs, disqualified.

Thursday, February 16, at the Houghton Lake Ski Area, the Grayling Ski teams met the Houghton Lake Ski teams in a practice race two days prior to the State Ski Meet with the snow conditions being perfect. Both Houghton Lake teams disqualified, leaving the Grayling teams an automatic first place. Mike Young took a first in the downhill and a second in the combined, with Russell Gust a third and Roger Cady a fourth, and Mike Young, a fifth.

Julie Buron took a first in all events. Pat Wiseman was second, Cathy Stripes, third, and Nancy Cornell being fourth in combined.

Patsy Wiseman February 18, Lower Peninsula Regional Ski Championships, Avalon Ski Area, Boyne City, Michigan.

The races started at 9 o'clock in the morning. There were different courses for the boys and girls, which allowed the races to move along much faster. The downhill courses were run. All of the Grayling girls made their downhill runs without much happening, and they placed as follows: Pat Wiseman 30th, Nancy Cornell, 33rd; Cathy Stripes, 34th; and Julie Buron, 38th.

There were fifty-five girls entered in the downhill race. In the slalom our girls placed as follows: Pat Wiseman, 16th; Nancy Cornell, 26th; Julie Buron, 35th; and Cathy Stripes, 36th.

The girls all said that the slalom was one of the longest and trickiest that they had run all year. There were many spills in the slalom, and to make the course even harder it was raining quite hard. Despite the rain most everyone was at the top in time to make their runs. This is the order for the girls combined times: Pat Wiseman, 21st; Nancy Cornell, 27th; Cathy Stripes, 36th; and Julie Buron, 38th.

The boys' downhill was a fast and tricky one. It was run by eighty-three racers. Only two of the Grayling boys had any trouble on the course. They were Russell Gust, who lost a ski and had to finish one run with only one ski intact, and Roger Cady, who caught an edge and went into a spin but he made a very good recovery and finished with good time. Our boys finished as follows: Mike Lovely, 11th; Roger Cady, 15th; Mike Young, 36th; Mike Goodrich, 51st; and Russell Gust, 77th.

The boys slalom was a long hard run. Roger Cady missed a gate and had to climb back up to go through it. Mike Goodrich misjudged a gate and had to come to a complete stop to make it. The boys finished the slalom in this order: Mike Lovely, 25th; Russell Gust, 26th; Mike Young, 28th; Roger Cady, 29th; and Mike Goodrich, 37th. This is the order for the boys combined times: Mike

Lovely, 14th; Roger Cady, 20th; Mike Young, 23rd; Mike Goodrich, 39th; Russell Gust, 65th. The Grayling boys team finished fourth in the meet and the girls team finished ninth. All above information on state meet is unofficial. The next meet for the Grayling team will be this Wednesday, at Gaylord.

What Is Money?

In the months to come it is a safe bet that much will be heard about such things as adverse balance of payments, loss of gold, the value of the dollar, prices and foreign competition, all of which to the average person will be highly confusing. Adding to the confusion is the fact that this country "went off the gold standard" many years ago. What this meant was that private citizens are no longer able to convert "paper money" into \$20 gold pieces or other gold coins. However, government required to hold \$12 billion of gold as backing for currency in circulation. Some believe that gold should be removed altogether as backing for the currency. This is a question that will be debated in months to come. Wrapped up in this one issue is the future stability of governments throughout the world and society in general.

About 20 years ago a book was published entitled "The Promises Men Live By". Its author, Harry Scherman, endeavored in simple language to explain the economic facts of modern life. His thoughts are pertinent today. Real money has always been — and still is — a tangible and useful form of wealth. Contrary to popular belief, government cannot create money. Money, in the thousands of years of human history, has taken strange and fascinating forms. In the early Greek world a handful of roasting spits became known as a drachma, a unit of money. In our own history tobacco was used as money as were Indian blankets in the Far West. All of these things were of tangible value. While it may come as a shock, the green pieces of paper that we all now work hard to obtain are not money. In the words of Mr. Scherman, "Even the wealthiest men nowadays own no money. What we handle, what we deal in, what we

say we own, consists almost entirely of promises to pay money — promises made by our government or by our central banks. . . . The indisputable fact about our modern world is that everything else we use as money can be used only because it consists, at one or more removes, of promises to deliver gold in a stated weight and of a stated fineness. . . . For about three thousand years . . . the use of silver and gold has been spreading over the earth until . . . they have become the predominant money of all the more civilized communities."

The history of money and the rise and fall of nations and societies, makes two elemental facts grimly clear. Among private citizens the "promises men live by" in the realm of economics and money are rarely violated. The history of governments in the same area is a sadly different story. Centuries ago, rulers "clipped" and "sweated" coins to cheat their subjects. In modern times behind the intricacies of finance and credit the long-term record of government is no better. When men act in the name of government, in the view of Mr. Scherman, ordinary moral standards that govern private citizens do not apply. And he backs up his view with a wealth of facts. His advice is to make "an untiring effort to understand the economics of this world in which you live and neither be content nor discouraged until, in honesty, you can feel that your comprehension is not too unclear."

That is a large order but as the experts and the authorities expound their ideas on what to do about these strange new problems of international payments and gold, the least we can do is try.

The gentlemen and ladies of the Saturday Bridge Club were guests of Mrs. H. A. Bauman and Miss Margrethe Bauman Tuesday evening at dinner. The house had an air of spring with arrangements of spring flowers through the rooms. Four tables were in play for contract following the dinner. Mrs. Roy Milnes and Mr. A. J. Joseph had top scores. Mrs. Harry Connors and Mrs. Marius Hanson were guests of the club.

Stationed at the edge of Grayling Winter Sports Park skating rink, a huge snowman was one of the big attractions during the winter festival. Built entirely of snow, reinforced by large water pipes, it measures 30 feet in height. Its head was adorned with a crown that measured 142 inches in circumference, and it held a five-foot cigar in its mouth. The eyes and six buttons of its coat were red lights and during the evening hours they were illuminated. It was standing on skis made of frozen snow and in each hand was a huge ski pole. Anyone seeing the snowman would note that besides its beauty and attractiveness, the proportions of its body were astonishingly accurate. The idea of the snowman was suggested by Clarence Johnson, manager of the winter park. At course, for the construction, they turned that part of the job to the ever resourceful and ingenious John Deekrow. It was a big undertaking, but Johnny was equal to the job, as results will testify. He must first determine the right proportion for the body, and for a model he took exact measurements of Manager "Johnny" Johnson, and multiplied the results by five. It worked, and everyone will agree that there were no impediments in the snowman when finished. Huge scaffolds were built, and the figure was built from the waist up of skis at the feet to the dizzy height of 30 feet. It required tremendous quantities of snow, which was packed on in a slush condition. The weather was cold but ideal for the job, and the men worked in the frozen slush in a way few people would endure.

LEGAL NOTICE

NOTICE
To the Voters of the February 20 Primary Election of Beaver Creek Township.

The first letter was circulated among voters and answer No. 1 was misinterpreted by myself and others. The other letters were obtained after the Primary Election to clarify the first one.

Had the votes been added, we would have had a tie vote for Supervisor on the Republican ballot.

Frank DeWitt
Beaver Creek Twp. Clerk

February 9, 1961
Hon. Frank DeWitt
Beaver Creek Township Clerk
Grayling, Michigan

Dear Mr. DeWitt:

We are today in receipt of a letter which was inadvertently not signed, and am directing a reply to you in the hope that it will not your letter that you will know to whom the answer should be given.

1. A person whose name is placed on the Republican ballot by petition for Supervisor and whose name is written in on the opposite ticket which is blank, would receive this vote providing the ballot was properly cast.

2. A person who is not a registered voter is qualified to be a member of the Board of Review and his name may appear on the primary ballot if he is qualified to vote and could register and is a landowner and taxpayer in the township.

3. A sticker candidate may be placed on the ballot for any office regardless of whether or not names appear on a party ticket or not.

4. A person who lost out in the primary election may run on stickers for the same office in the general election.

5. There is nothing to prevent the husband or wife of a state employee for running for township office. There is nothing to prevent the employee themselves from running so far as the law is concerned, but Civil Service construes this to be political activity and if they are under Civil Service they will lose their state jobs.

Of course all write-in or sticker candidates, in order to have their names counted, must have a cross either in the square before their name or a cross in the circle at the head of the party column in which their name is placed. In order to be nominated in a primary they must receive at least 10 votes and less than 15% of as many as are eligible to vote.
